

Eco-Socialism

"People cannot be liberated as long as they are unable to obtain food and drink, housing and clothing." - Karl Marx

Capitalism must end. Socialism is the only viable alternative for our planet and our future. We want democratic control of the economy and our workplaces, full housing and food for our communities, and the right to leisure and free time. Socialism means equality for all.

A better world is possible, but only if we make it.

Trans Liberation?

Oppression can only be overcome from the bottom up. Liberation means building power through education, mutual aid, radical solidarity, and connection.

Our liberation only begins with the right to bodily autonomy and self determination. More than that, we want to live with dignity, free from oppressive structural violence and our current intolerable conditions.

We must defend our communities ourselves; no one else will.

Intersectionality

All forms of oppression are interconnected. The struggle against white supremacist capitalist patriarchy can only be won if we fight it together on all fronts. We oppose all imperialist wars and stand in solidarity with all who resist the genocidal US regime.

Our liberation means the liberation of all oppressed peoples everywhere. It is feminist, queer, anti-racist, decolonial, anti-ableist, and decarceral.

Who are we?

We live in a time of increasing violence against our trans and nonbinary siblings. We believe in building political power through community and social connection.

Originally a chapter of the Trans Protection Party, **TLF is a radical socialist mutual aid organization.**

Trans people are more likely to be unemployed, unhoused, and face discrimination in the workplace. **We need to stick together and fight for each other.**

Mutual Aid

Give transies guns PLEASE government mandated guns for all transsexuals.

Education

We believe that we can't count on existing institutions and must educate ourselves.

Political education. Learning how to get organized. Queer and radical history. Read Lenin.

Educate. Agitate. Organize. is so cliché but could go here if I'm feeling especially intellectually bankrupt later
